

SQUASH HANDICAP TOURNAMENT

COACH: CONNIE BARNES

Participation in a Handicap Tournament is a great way to play with different level players and have a terrific social time.

HOW IT WORKS

Participants will be ranked with a start off score in negative points going to the higher rated players and a start off score of positive points going to the lower ranked players. E.g. a division 1 player like Rod Barnes might start on -6 and the division 5 captain Mike Kuehl might start on +8 - they play PAR to 11. It is a lot of fun and all levels are welcome.
